We are pleased to announce that University of Wah is going to publish 5th volume of its annual research journal in December 2021.

The UWJST is an international, multidisciplinary, peer-reviewed, academic open access journal published annually by University of Wah, Wah Cantt, Pakistan. The UWJST offers a platform to scientists and engineers to publish their original and current research of high scientific value in the areas of Basic Sciences, Computer Science and Engineering at international level. Articles published in the Journal illustrate innovations, developments and achievements in the relevant areas. The Journal is being published electronically as well as a paper version. It is easily accessible and free of charge.

For the sake of efficient communication, authors are requested to formulate their results in a concise and compact form. Each paper should be self-contained properly introduced, with references to published work and fully documented with adequate source materials.

AIM AND SCOPE:

Aim of the Journal is to provide platform for the researchers, innovators, scholars and students to share their research worldwide. The Journal promotes research in multi-disciplines of **Basic Sciences, Computer Science and Engineering** for the advancement of knowledge and understanding. The Journal provides a quality readable and valuable addition to the knowledge; serves as a source for the researchers and provides support to the scholars to enable them to undertake and disseminate their research with development of their own skills of reasoning and understanding.

Deadline for Submission: 15-March-2021

The Journal encourages submissions from across various disciplines that may apply concepts to its core area. As its maiden publication authors are also encouraged to submit at the earliest for ample time for review and selection procedure to be completed.
